Submissions will be accepted through this Google Form: <https://forms.gle/22ua9g1YvTFhpSDg7>

Academy of Finance 2021 Conference

Conference Profile

The Academy of Finance's 34th Annual Meeting will be held *virtually* March 24-26, 2021. We welcome all types of financial research, case studies, and panels as well as student research presentations. We also accept applications for the Academy's Outstanding Teaching Award, and we recognize best papers with various Best in Track Awards. Over time we have had presentations by professionals from all 50 states as well as 22 different countries.

The Academy meets simultaneously with 11 other disciplinary groups in business under the administrative banner of MBAA International (this will be MBAA's 57th Annual Meeting). MBAA provides the centralized administrative functions of the conference such as centralized registration, a consolidated program book, and a virtual hosting platform. The Academy of Finance is responsible for processing paper submissions and building its own conference program.

MBAA is particularly well aligned with the needs and interests of faculty from institutions that are committed to a balanced emphasis on both teaching and scholarship.

The 2021 MBAA International conference will be all virtual.

Academy of Finance Awards

Academy of Finance Best in Track Paper Awards – An award is given for the best submission in each of the Academy's tracks: Corporate Finance, Investments, Financial Institutions, Global Finance, Real Estate, Risk Management and Insurance, Derivatives, Personal Finance, Financial Education, and Student Research. Each author of the chosen works will be recognized at the Academy's Annual Luncheon on March 25, 2021. (A plaque commemorating the achievement will be provided subsequent to the virtual meeting.) All submitted papers will be considered for Best in Track Awards and authors may continue to polish their submitted papers up until the February 1, 2021 deadline. Full details are at <http://www.aof-mbaa.org>. Of special note, we encourage submission of student research, both for consideration for the conference program as well as for the Best in Track – Student Research Award. Regular deadlines apply.

Academy of Finance Teaching Award – If you want to be considered for the Academy of Finance Teaching Award or would like to nominate someone, please email Lawrence Bauer at lbauer@mun.ca by March 1, 2021. The top three finalists will then be invited to present in the Teaching Competition to be arranged virtually around the meeting at a time of mutual availability. The Teaching Award Committee will consider the applicants' original applications and their presentation performance and announce the Award's winner at the Annual Luncheon on Thursday.

MBAA International Best Paper Award in Finance – This Award is bestowed by the MBAA and thus is selected by their criteria and on their time table. The Academy will select the best completed paper received by the conference's submission deadline and the Award winner will be honored at the MBAA International business meeting on Thursday afternoon, March 25, 2021. Please note the MBAA Award is separate from the Academy's Best in Track Awards.

The Annual Academy of Finance Luncheon and Awards Presentation will be held on Thursday, March 25, from 12:30 – 1:45 P.M. The Best Paper Awards, Outstanding Teaching Award, and all other awards will be presented at this time.

Submission Guidelines

Submissions will be accepted through this Google Form: <https://forms.gle/22ua9g1YvTFhpSDg7> which requires a gmail address. If you do not have a gmail address, please use this URL instead: <https://forms.gle/HwYCzPmuHp1Z4Z5y9> and email the paper to AcademyofFinance@mtu.edu once complete.

Special Publication Opportunity

Following our excellent collaboration with the *Journal of Finance Issues (JFI)*, the program committee and the editorial board of *JFI* are pleased to announce the dual-submission process. During the submission process to the conference, authors have the option of submitting their paper for dual-submission for *JFI* for a potential journal publication. The purpose of this dual submission process is to speed the review process for *JFI*.

To be considered for this dual-submission, simply check the dual submission box when you submit the paper, and the paper will be forwarded to the journal editor. *JFI*'s review process will run independently from that of the conference peer-review process. Please review *JFI*'s requirements at <http://www.aof-mbaa.org>.

The Proceedings of the Academy of Finance, 2021

The Proceedings will be an option for any papers accepted for presentation, and can be published either in full or as an abstract. *Proceedings* guidelines will be sent to authors when their paper has been accepted for presentation. Deadline for submission to the *Proceedings* is February 22, 2021. Submissions and enquiries are to be addressed to Tom Krueger, *Proceedings* Editor, Thomas.Krueger@tamuk.edu.

Panels or Special Sessions

The Academy encourages the creation of panels or special sessions. In the past, scholars have hosted a variety of panels, including panels on:

- AACSB accreditation
- Impact of Technology on Finance
- Counting courses toward the CFP designation

Panels we would like to see this year include how to best manage a campus Finance Club, a Meet the Journal Editors panel, and a panel about how to set up your own outside consulting business. Please contact the Program Chair about these or any other ideas!
